<p><b><u>Technical Tune-Up</u></b>            March 13-16 <input type="checkbox"/></p>	<p><b><u>Advanced Technical Tune-Up</u></b></p> <p>May 8-10 <input type="checkbox"/></p> <p>September 11-13 <input type="checkbox"/></p>
<p><b><u>Technical Tune-Up</u></b>            October 23-26 <input type="checkbox"/></p>	<p>The Advanced Technical Tune Up is designed for the most senior technicians and shop managers. Emphasis will be placed on advanced troubleshooting on major systems found on MCI coaches while utilizing laptop diagnostic software. Only very experienced technicians should attend. System basics will not be covered due to time restraints.</p> <p>Class size will be kept small to provide an optimal learning experience. Limited seating available.</p>

At the Technical Tune-Ups (with the exception of the Advanced Tune-Up), we will be offering the EPA 608/609 certification exam at no charge for those interested.

The EPA 608 air conditioning certification is required to perform any repairs on R22 systems and EPA 609 certification is required to perform repairs on R134a systems.

The topics covered at the Tune-Up are not intended to prepare the students for this particular certification but a study guide is available in advance to help students prepare for the exam.

- Yes, please send a 608/609 Study Guide
- Yes, please send a 608/609 Study Guide (Spanish Version)

\*\*\*Study guides will be sent to the student's attention to the mailing address indicated above unless we are informed otherwise.
